5. Post-Closing Fee

The company shall pay \$2,500 per request for any post-closing action including, but not limited, to amendments, extensions, conversions, consents to subtenant applications, and escrow trust arrangements related to bond redemptions, refundings, refinancings or defeasances.

¹ Project Counsel's fee is payable at closing except that Project Counsel may require prepayment (i.e., before closing) of \$10,000 upon the earliest to occur of (i) adoption of a pre-inducement or inducement resolution, or (ii) Applicant's request that Project Counsel commence drafting project documents, or (iii) the accrual by Project Counsel of twenty hours or more of attorney-time. Should the transaction close, the pre-payment will accrue against Project Counsel's Fee payable at closing; should the transaction fail to close, Project Counsel's Fee shall equal (instead of the Fee amounts above) time-billing at a blended rate of \$300 per attorney-hour (the "breakage- amount") less the \$10,000 pre-payment if such pre-payment was in fact made; or, in the event the \$10,000 pre- payment is greater than the breakage amount, Project Counsel shall refund the excess to the Applicant.

² A \$5,000 surcharge will be imposed for (1) transactions not contemplated by the Agency's standard legal templates, including, but not limited to, usage of tax credits (e.g., new markets, historic and other), separate straight-leases for real estate and equipment, industrial projects that deviate from the Agency's UTEP, and transactions involving more than one project location, (2) transactions that do not close within six months after the first action by the Board, and (3) the restructuring of the original deal terms after the date of the initial distribution of the legal documentation (e.g., change in bank lender, addition or deletion of SBA loans, change in the project location, and addition or deletion of a real estate holding company).

³ Disbursements will include the cost of filing Financing Statements, if any.

⁴ The Annual Administrative Fee is payable by Borrower at closing, and thereafter, on every July 1 throughout the term of the Bonds. The Annual Administrative Fee shall be established from time to time by the Agency's Board of Directors.
