Filing requirements

An IDA must file this form within 30 days of the date the IDA designates a project operator or appoints a person as agent of the IDA, for purposes of extending a sales and compensating use tax exemption.

The IDA must file a separate form for each project operator or agent appointed, whether directly or indirectly, and regardless of whether it is the primary operator or agent. If the IDA authorizes an operator or agent to appoint other agents, the operator or agent making such an appointment must advise the IDA that it has done so, so that the IDA can file a form within 30 days of the new agent's appointment. The IDA need not file this form for people hired to work on an IDA project who are not appointed as agents of the IDA. The IDA need not file this form if there are no sales or use tax exemption benefits authorized for a project as a result of the project's designation as an IDA project.
