

NOTICE OF REGULAR MEETING OF THE EXECUTIVE COMMITTEE
OF NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION
JUNE 17, 2025

A regular meeting of the Executive Committee of the Board of Directors of New York City Economic Development Corporation ("NYCEDC") will be held at 9:00 a.m. on Tuesday, June 17, 2025, in Conference Center A/B, on the 14th Floor at the offices of NYCEDC at One Liberty Plaza, New York, New York. The agenda for the meeting is as follows:

I. Approval of Minutes of the April 30, 2025 Regular Meeting of the Executive Committee

II. Contracts and Other Matters

- Pursuit Emerging Tech Hub
- Fordham ROADS: The Green Jobs Center
- Homeowner Assistance Program for Ancillary Dwelling Units: Technical Assistance
- Sunset Park Economic Mobility Network
- Hunts Point Economic Mobility Network
- SilentShield Initiative
- NYC Catalyst Fund: NVP
- Modifications to Previous Authorizations:
 - St. George Esplanade, Staten Island
 - Landings Upgrades and Construction of Two Flex Barges
 - 79th Street Boat Basin
 - On-Call Expeditor and Code Consultant Services
 - Coney Island Creek
 - Station Plaza Intermodal Roadway Improvement Project
 - Orchard Beach Pavilion
 - Essex Market
- Property Management Related Services:
 - Janitorial and Custodial Services
 - Elevator Maintenance and Repair Services
- Amended and Restated Annual City Contracts
- Annual Contract with New York City Industrial Development Agency ("IDA")
- Annual Contract with Build NYC Resource Corporation ("Build NYC")
- Charter Commission

III. Such other business as may properly come before the meeting

New York, New York
Dated: June 12, 2025

Mark Silversmith
Assistant Secretary

MEETING OF
THE EXECUTIVE COMMITTEE
OF
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

MINUTES OF THE REGULAR MEETING
OF THE EXECUTIVE COMMITTEE
OF
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION
April 30, 2025

A regular meeting of the Executive Committee of the Board of Directors of New York City Economic Development Corporation ("NYCEDC") was held, pursuant to notice by an Assistant Secretary, on Wednesday, April 30, 2025, in Conference Center A/B, on the 14th Floor at the offices of NYCEDC at One Liberty Plaza, New York, New York.

The following members of the Executive Committee were present:

Margaret Anadu
Aaron Charlop-Powers (as alternate for Adolfo Carrión, Jr.)
Eric Clement
Andrew Kimball
James McSpiritt
Patrick J. O'Sullivan, Jr.
Betty Woo

Members of NYCEDC staff also were present.

The meeting was called to order by Margaret Anadu, Chairperson of NYCEDC, at 10:13 a.m. Meredith Jones, General Counsel, Executive Vice President and Secretary of NYCEDC, served as secretary of the duly constituted meeting, at which a quorum was present.

1. Approval of the Minutes of the March 18, 2025 Regular Meeting of the Executive Committee

There were no questions or comments with respect to the minutes of the March 18, 2025 regular meeting of the Executive Committee, as submitted. A motion to approve such minutes, as submitted, was made, seconded and unanimously adopted.

2. Contracts and Other Matters

The following contracts, authorizations, expenditures and matters were then presented to the Executive Committee for approval. (Attached hereto as Attachment 1 is a definition sheet that contains the definitions of certain frequently used terms that may be contained in the Exhibits attached hereto.)

(a) NYC Catalyst Fund: NVP and Avante

At this time, Brinda Ganguly, an Executive Vice President of NYCEDC, Maxwell Frenkel, a Senior Associate of NYCEDC, and Audrey Ellen, an Assistant Vice President of NYCEDC, presented a proposal for NYCEDC (i) to make an investment in Newark Venture Partners Fund III, LP (“NVP Fund III”), which will be managed by Newark Venture Accelerator, L.L.C. (“NVP”) and will make investments exclusively in technology startups (the commitment and investments collectively, the “NVP Transactions”), (ii) to enter into agreements needed in connection with the NVP Transactions, (iii) to make an investment in Avante Capital Partners SBIC IV, LP (“Avante Fund IV”), which will be managed by Avante Capital Partners, LP (“Avante”) and will make investments in lower-middle-market businesses, often overlooked by traditional financing sources, primarily to provide debt capital to small businesses in core sectors such as healthcare, business services, and manufacturing (the commitment and investments collectively, the “Avante Transactions”), and (iv) to enter into agreements needed in connection with the Avante Transactions, all on substantially the terms set forth in Exhibit A hereto. Ms. Ganguly gave an overview of the NYC Catalyst Fund program, and then Mr. Frenkel and Ms. Ellen explained the respective backgrounds of NVP and Avante and their principals and their experience and relationship to New York City, and NYCEDC’s reasons for choosing to make the related investments in them. These investments would be part of the NYC Catalyst Fund portfolio.

In answer to a question from Ms. Anadu, Ms. Ellen explained that NYCEDC considered a combination of factors when sizing its NYC Catalyst Fund investments. A discussion then ensued among Ms. Anadu, Mr. Clement, Ms. Ellen and Ms. Ganguly with respect to NVP regarding sizing of the NYC Catalyst Fund deal. It was then determined that the Committee would consider the proposed NVP Transactions at a later meeting.

In answer to a question from Mr. Clement, Ms. Ellen discussed Avante’s strategy, noting that it is typically a 90/10 debt-equity investment split, and that its exits are usually from sponsor sales in 3-5 years. She added that Avante realizes most of its returns when the sponsor sale occurs, and that this is much sooner than equity funds that are locked up for 10-12 years. In answer to a second question from Mr. Clement, Ms. Ellen stated that Avante starts seeing some cash flow earlier than the sponsor sale because there is minor amortization on the loans, but that the bulk of it comes at the sponsor sale. In answer to a question from Ms. Anadu, Ms. Ellen stated that Avante leads transactions. In answer to a question from Mr. Charlop-Powers, Mr. Kimball explained that NYCEDC repurposed Urban Development Action Grant program funds for the NYC Catalyst Fund, and that it was too early to consider further iterations of the NYC Catalyst Fund.

At this time, a motion was made to authorize the matters set forth for authorization with respect only to Avante related matters in the Proposed Resolution section of Exhibit A hereto. Such motion was seconded and unanimously approved.

3. Other Contracts and Matters

The following contracts, authorizations, ratifications, expenditures and matters were then presented to the Executive Committee for authorization and ratification after a brief summary of those matters by Jeanny Pak, Chief Financial Officer and an Executive Vice President of NYCEDC.

(a) Manhattan Waterfront Greenway – Inwood

A proposal for (i) an engineering and design services contract and any necessary amendments thereto with Stantec Consulting Services Inc. to provide engineering and design related services for the project through construction completion, (ii) a construction management (“CM”) contract (a “CM Contract”) and any necessary amendments thereto with the selected construction manager for the provision of CM and related services for the project, including pre-construction, construction, and post-construction services, through construction completion, (iii) a special inspections services contract with the selected contractor and any necessary amendments thereto for the project, if a new agreement is being entered into for such services, (iv) any agreements necessary to obtain funds (“Funding Source Agreements”) or amendments thereto, (v) any needed amendments to the above contracts, and (vi) project expenditures and entering into other related documents, all to provide for the design and construction of the Manhattan Waterfront Greenway – Inwood project, which consists of waterfront improvements to the bulkhead and upland improvements to close a remaining gap in the Manhattan Waterfront Greenway between Academy Street and North Cove, on substantially the terms set forth in Exhibit B hereto.

(b) Broadway Junction Public Realm Improvements: Station Gateway Plaza

(i) A proposed design contract and any necessary amendments thereto with Langan Engineering, Environmental, Surveying, Landscape Architecture and Geology, D.P.C. to provide design and related services for plaza improvements primarily at and around the Station Gateway Plaza, and (ii) any needed Funding Source Agreements, all in connection with the design of Broadway Junction Public Realm Improvements at and around Station Gateway Plaza, adjacent to Callahan-Kelly Playground at the northwest corner of the intersection between Van Sinderen Avenue and Fulton Street in Brooklyn, on substantially the terms set forth in Exhibit C hereto.

(c) Climate Innovation Hub Design Services

A proposed agreement with Perkins & Will Architects, P.C. to provide for initial design services required for the development of the Climate Innovation Hub (the “Hub”), which Hub is expected to occupy approximately 200,000 square feet at Brooklyn Army Terminal (“BAT”) Building A and provide services for business development, incubation and research commercialization, all in connection with the Hub’s overall goal of anchoring a growing ecosystem along New York Harbor for new climate technologists,

entrepreneurs and talent working to develop, pilot, and deploy new solutions to combat the effects of climate change, on substantially the terms set forth in Exhibit D hereto.

(d) Brooklyn Cruise Terminal (“BCT”) Shore Power Equipment Purchase and Services

The proposed ratification of a purchase order contract with Watts Marine LLC, and the proposed approval of an amendment to a services contract with Watts Marine LLC, all related to expanding shore power access to more cruise ships at BCT, to provide for the purchase of equipment, an increased services scope and increased project budget, on substantially the terms set forth in Exhibit E hereto.

In answer to a question from Mr. McSpiritt, Allison Dees, a Vice President of NYCEDC, stated that the shore power system at BCT was currently operable, and that this proposed project would enable additional ships to be able to plug into shore power. In answer to a second question from Mr. McSpiritt, Ms. Dees explained that currently the shore power system allowed Carnival’s Queen Mary II ship to plug in, and that this expansion project, when complete, would, with regard to ships that have shore power capability, allow for all such ships that currently call at BCT, and all such ships that are on the berthing schedule over the next 2 years, to be able to plug in. Ms. Dees additionally noted that NYCEDC was in active conversations with cruise lines about their future ship deployments.

(e) Citywide Rehabilitation/Improvements – Maintenance Dredging and Related Services

(i) One or more proposed amendments to NYCEDC’s 2017 facilities management/construction management contract with Hunter Roberts Construction Group, L.L.C. to provide for maintenance dredging and related CM services and other related services for Fiscal Year (“FY”) 2026 Fall, FY 2026 Spring and Sail 250 dredging events for the Manhattan Cruise Terminal, and to provide funds for such dredging events, and (ii) any needed Funding Source Agreements for this project work, on substantially the terms set forth in Exhibit F hereto.

(f) Modifications to Previous Authorizations – Labor and Supervision Services under the CleaNYC (including Graffiti-Free NYC) Program

(i) Proposed modifications with regard to a contract with each of The Doe Fund, Inc. (“Doe Fund”) and Klen Space Inc. (“Klen Space”) to provide (1) labor and supervision services under the CleaNYC program (including services under the Graffiti-Free NYC program), primarily related to cleaning, and graffiti removal, at various locations throughout New York City owned and/or managed by NYCEDC or with regard to which NYCEDC is asked to perform these services by The City of New York (the “City”), (2) that Doe Fund and Klen Space may also obtain supplies, equipment and machinery and provide other services for the program, (3) that Doe Fund and Klen Space may also be required to provide support services, such as job training and

workplace development for their staff, which includes disadvantaged populations and may include ex-substance abusers, unhoused, formerly incarcerated, and lower-income individuals, to assist their development and ability to lead independent and productive lives, and (4) under Klen Space's contract for Klen Space to also provide Area Maintenance Program services, to provide additional funds for additional project work, (ii) other contracts and expenditures for supplies, parts, equipment, machinery, waste containers, transportation and possibly other services as needed for the Graffiti-Free NYC and CleaNYC program and (iii) any necessary agreements (including Funding Source Agreements) related to this project, on substantially the terms set forth in Exhibit G hereto. Existing approved retainer contracts and amendments thereto may also be used for project work using a portion of the additional funds, on substantially the terms set forth in Exhibit G hereto.

(g) Modifications to Previous Authorizations – On-Call Urban Planning and Design Services

(i) Proposed modifications with regard to the contracts with each of Claire Weisz Architects LLP, Interboro Partners LLC, Skidmore, Owings & Merrill LLP, One Architecture and Urbanism Inc. d/b/a One Urbanism, and FXCollaborative Architects LLP for the provision of on-call urban planning and design services, to provide additional funds for additional project services, and (ii) any necessary agreements (including Funding Source Agreements) related to such project services, on substantially the terms set forth in Exhibit G hereto.

(h) Modifications to Previous Authorizations – Water Street Corridor: Construction of Streetscape and Plaza Improvements

(i) A proposed amendment to the contract with J. Pizzirusso Landscaping Corp. for construction services related to the construction of streetscape and plaza improvements for the Water Street corridor, located on Water Street from Whitehall Street to Maiden Lane, Whitehall Street from Pearl Street to Water Street, Moore Street from Water Street to Pearl Street, a pedestrian plaza at Coenties Slip from Water Street to Pearl Street, and a pedestrian plaza from Whitehall Street to Broad Street, Manhattan (collectively, the "Water Street Corridor"), to provide additional funds from utilities to provide for additional construction services for project utility work, and (ii) any necessary agreements (including Funding Source Agreements) related to such project work, on substantially the terms set forth in Exhibit G hereto.

(i) Modifications to Previous Authorizations – Water Street Corridor: Resident Engineering Inspection Services

(i) A proposed amendment to the contract with Techno Consult Engineering, P.C. f/k/a Techno Consult, Inc. for resident engineering inspection services related to the design and construction of streetscape and plaza improvements for the Water Street Corridor, to provide for additional funds from utilities to provide for additional resident engineering inspection services related to project utility work, and (ii) any necessary

agreements (including Funding Source Agreements) related to such project work, on substantially the terms set forth in Exhibit G hereto.

(j) Modifications to Previous Authorizations – Financial District and South Street Seaport Design Services

(i) Proposed modifications with regard to the contract with Arcadis of New York, Inc. for services related to a master planning effort to develop a conceptual design of a shoreline extension and a preliminary design of a first phase adaptation project (as part of the shoreline extension project) to protect against the projected impacts of climate change in the Financial District and South Street Seaport, Manhattan, to provide for additional funds for additional project work, and (ii) any necessary agreements (including any needed Funding Source Agreements) related to this project, on substantially the terms set forth in Exhibit G hereto.

(k) Modifications to Previous Authorizations – On-Call Maritime Engineering Consultant Services

(i) Proposed modifications with regard to the consultant contracts with each of BTMI Engineering, PC (“BTMI”), Colliers Engineering & Design, Architecture, Landscape Architecture, Surveying, CT P.C., Jacobs Civil Consultants Inc, M.G. McLaren Engineering and Land Surveying, P.C., Marine Infrastructure Engineering Solutions D.P.C., and Pennmax Consulting Engineers, P.C. for on-call maritime engineering consultant services that include, without limitation, engineering investigation, inspection, analysis, design and project management services, including environmental and related studies, at or with regard to various waterfront properties located throughout the City owned, managed and/or leased by the City or by NYCEDC, to provide additional funds for additional project work, and (ii) any necessary agreements (including any needed Funding Source Agreements) related to this project work, on substantially the terms set forth in Exhibit G hereto.

In answer to a question from Mr. McSpiritt, Surge Zherebchuk, an Assistant Vice President of NYCEDC, explained that the last time that NYCEDC procured these on-call maritime engineering contracts was 2020, that the consultants were approaching their fifth year and NYCEDC was exercising the first year of extension of the contracts, and that NYCEDC was actively working on procuring the next set of contracts for these project services.

(l) Modifications to Previous Authorizations – Tompkinsville Esplanade and Pier

(i) A proposed amendment to the contract with BTMI (the “BTMI Contract”) for engineering, design and related consulting services related to the rehabilitation and renovation of a portion of the Tompkinsville Esplanade and construction of a new pier and pier building structure for the New York City Department of Transportation’s Staten Island Ferry Division (the “Tompkinsville Esplanade and Pier Project”), (1) to provide additional funds primarily to provide for additional design, coordination, and consulting

services for the new pier and pier building structure and a portion of the Tompkinsville Esplanade, and (2) to provide that the up to \$1,500,000 added to the BTMI Contract authorization on June 21, 2022 primarily for work related to an additional portion of the Tompkinsville Esplanade by the Miller's Launch, Inc. facility will instead be used by BTMI for other portions of the project, and (ii) any necessary agreements (including any needed Funding Source Agreements) related to this project work, on substantially the terms set forth in Exhibit G hereto.

(m) Modifications to Previous Authorizations – MADE Bush Terminal Placemaking and Leasing for MADE and BAT

(i) Proposed modifications with regard to the consultant contract (the "Brand Contract") with Brand Urban, LLC ("Brand Urban") to provide services for on-site activations at MADE Bush Terminal Building A and to assist with leasing ground floor tenant spaces, to additionally provide that Brand Urban shall serve as leasing consultant for (1) the second floor of MADE Bush Terminal Building A and units 301, 305, and 503 at such building, and (2) BAT's Building A café space, and to provide funds for fees primarily for leasing the new space, and (ii) any necessary agreements (including any needed Funding Source Agreements) related to such project services, on substantially the terms set forth in Exhibit G hereto.

(n) Modifications to Previous Authorizations – MADE Bush Terminal Building A Ground Floor Design Work

(i) Proposed modifications with regard to a consultant contract with nArchitects PLLC ("nArchitects") to provide services for the design, fabrication and installation of furniture, fixtures and equipment for a portion of the ground floor – for the Lobby Corridor and Lobby Gathering, and some of such work for the Annex and Annex Corridor – of MADE Bush Terminal Building A, to provide (1) that nArchitects shall onboard Public Records, Inc., NYCEDC's previously selected operator for the ground floor, and engineering firms as subcontractors, which will provide input on nArchitects' design for portions of the ground floor, and (2) additional funds to provide for additional project design, fabrication and installation work by nArchitects, to complete the design and fit-out of all of the Annex as a fully operational event space, and (ii) any necessary agreements (including any needed Funding Source Agreements) related to such project services, on substantially the terms set forth in Exhibit G hereto.

Ms. Anadu left the meeting at this time.

(o) Homeowner Assistance Program for Ancillary Dwelling Units

(i) A proposed consultant contract, and possible amendments thereto, with Claire Weisz Architects LLP to provide services for the performance of public and industry engagement and the development of a web-based resource for the Homeowner Assistance Program for Ancillary Dwelling Units in collaboration with the New York City Mayor's Office of Policy and Planning, the New York City Department of Housing Preservation and Development, and the New York City Department of

Buildings, and (ii) any needed Funding Source Agreements for this project, on substantially the terms set forth in Exhibit H hereto.

(p) Funding Agreement: Community Healthcare Network, Inc.

(i) A proposed funding agreement with Community Healthcare Network, Inc. (“CHN”) to fund a portion of the cost of new casework and millwork in exam rooms, installation of a ceiling, sinks, faucets, built-in reception desk, and energy-efficient lighting, and possibly other renovations, at CHN’s facility at 36-11 21st Street, in Long Island City, Queens, and (ii) any needed Funding Source Agreements for this project, on substantially the terms set forth in Exhibit I hereto.

(q) Rise Up NYC Summer Concert Series 2025

A proposed consultant contract, and any needed amendments thereto, with Globe Star Media Entertainment, Inc. to provide for event production services for NYC’s Rise Up Summer Concert Series 2025, a celebration of music, performance, and culture, consisting of approximately 10 individual event days in all of New York City’s boroughs, to join together all New Yorkers in support of peace, prosperity, and a call to unify, on substantially the terms set forth in Exhibit J hereto.

(r) Corona Plaza Community Vending Market

(i) A proposed grant agreement with Queens Economic Development Corporation (“QEDC”), as operator of the Corona Plaza community vending market (the “Market”) located on Roosevelt Avenue, between 104th Street and National Street in Queens, pursuant to which NYCEDC will provide up to \$150,000 to support continued maintenance work at, and possibly the operations and activities of, the Market, and (ii) any needed Funding Source Agreements related to such project services, on substantially the terms set forth in Exhibit K hereto.

(s) Troutman Pepper Locke LLP (f/k/a Troutman Pepper Hamilton Sanders LLP)

A proposed legal retainer agreement with Troutman Pepper Locke LLP, formerly known as Troutman Pepper Hamilton Sanders LLP, for the provision of construction related legal services for NYCEDC’s keystone economic projects, on substantially the terms set forth in Exhibit L hereto.

(t) Women.NYC – Pivot to Growth: Entrepreneurship

(i) A proposed consultant contract with Get Sh!t Done, LLC for consultant services to support *Pivot to Growth: Entrepreneurship*, an innovation industry focused, cohort-based program designed to provide customized business growth frameworks to entrepreneurs operating for at least two years in NYCEDC’s core industries (the green economy, life sciences, and technology) – the program focuses on women entrepreneurs in the core industries, but is open to all – and (ii) any needed Funding

Source Agreements related to such project services, on substantially the terms set forth in Exhibit M hereto.

Approval of Section 3 Contracts and Matters

A motion was made to ratify and authorize the matters set forth for ratification and authorization in the Proposed Resolution sections of Exhibits B – M hereto. Such motion was seconded and unanimously approved.

4. Approvals

With respect to the items set forth in Sections 2(a) and 3(a) – (t) above, it was understood that ratification, authorization and approval of such matters included authorization for the President and other empowered officers to execute the necessary legal instruments, and for the President and other empowered officers to take such further actions as are or were necessary, desirable or required, to implement such matters on substantially the terms described above.

5. Adjournment

There being no further business to come before the meeting, pursuant to a motion made, seconded and approved, the Executive Committee meeting was adjourned at 10:48 a.m.

Assistant Secretary

EXHIBIT A

NYC CATALYST FUND: NVP AND AVANTE
Executive Committee Meeting
April 30, 2025

Project Description:

The NYC Catalyst Fund (the “Program”) is designed to contribute to NYCEDC’s net operating income and overall impact through a portfolio of investments. The Program invests in funds managed by external fund managers that align with the financial and impact goals of the Program, and was last approved by the NYCEDC Board of Directors on June 13, 2023. (The Program was named the New York City Economic Development Corporation Impact Investing Program at the time.)

In connection with the Program, NYCEDC proposes entering into agreements with two external fund managers: Newark Venture Accelerator, L.L.C. (“NVP”) and Avante Capital Partners, LP (“Avante”), (collectively, the “Fund Managers”). NYCEDC will commit to the Fund Managers’ respective investment vehicles: Newark Venture Partners Fund III, LP (“NVP Fund III”) and Avante Capital Partners SBIC IV, LP (“Avante Fund IV”), (collectively, the “Investment Funds”). The general partners of the investment vehicles will be NVP III General Partner, L.L.C. and Avante Capital Partners SBIC GP IV, LLC, respectively (together, the “General Partners”). NYCEDC chose to make these commitments based on the Program’s selection criteria, which span various financial and impact categories, described in the Request for Applications for the Program.

The commitments and investments shall be referred to herein, collectively, as the “Transactions”. Below we have included information on the Transactions.

NVP Description:

NVP is an early-stage venture capital firm headquartered in Newark, NJ, the primary office of which is based in New York City. NVP invests exclusively in technology startups. NYCEDC chose to make an investment in NVP Fund III for several reasons. NVP expects to deploy a significant amount of capital to companies based in New York City. NVP is a diverse-owned firm with a demonstrated track record of supporting diverse entrepreneurs. In addition, each of its two partners bring over two decades of the investment experience necessary to provide the services described herein.

NYCEDC proposes to enter into an agreement with Newark Venture Accelerator, L.L.C. and NVP III General Partner,

L.L.C., through which NYCEDC will make a commitment to NVP Fund III.

**NVP Amount to be
Approved:**

Up to \$2,800,000

Avante Description:

Avante is a private credit firm that invests in lower-middle-market businesses, often overlooked by traditional financing sources. It primarily provides debt capital to small businesses in core sectors such as healthcare, business services, and manufacturing. NYCEDC chose to make an investment in Avante Fund IV for several reasons. Avante is a majority women-owned firm and has a track record of investing in women and minority-led small businesses. Avante also founded several professional networks and internship programs aimed at increasing diversity within private equity and private credit industries. Additionally, Avante's investments help small businesses, an essential pillar of New York City's economy, and support expansion and job growth.

NYCEDC proposes to enter into an agreement with Avante Capital Partners, LP and Avante Capital Partners SBIC GP IV, LLC, through which NYCEDC will make a commitment to Avante Fund IV.

**Avante Amount to be
Approved:**

Up to \$5,000,000

Borough:

Citywide

Type of Funds:

NYCEDC programmatic budget funds

Procurement Method:

Publicly advertised Request for Applications (using the competitive sealed proposals method of procurement under NYCEDC's annual contracts with the City) to select the fund managers for the Program.

**Agreements to be
Approved:**

Agreements needed in connection with the Transactions, including a limited partnership agreement, a subscription agreement, and any necessary ancillary agreements among NYCEDC, the Fund Managers, the General Partners, the Investment Funds and/or other relevant parties, and any needed amendments thereto (collectively, "Transaction Documents").

M/W/DBE Goal:

Not applicable

Scope of Work: The Fund Managers will provide services substantially as described below:

- Source investments and screen for ones that meet the investment strategy of the Investment Funds.
- Conduct a rigorous diligence process that evaluates potential investments against the investment selection criteria specified in the Transaction Documents.
- Structure and execute investments into the types of portfolio companies and projects that are specified in the Transaction Documents.
- Manage portfolio companies and provide them with strategic support as specified in the Transaction Documents.
- Make distributions to NYCEDC in accordance with the Transaction Documents.
- Provide regular reports for the Investment Funds and the investments in which NYCEDC has an equity interest.
- Hold regular meetings for investors of the Investment Funds in accordance with the Transaction Documents.
- Perform any other services necessary for the furtherance of the Program.

Proposed Resolution: To authorize the President and any empowered officer to make a commitment to the Investment Funds and to enter into the Transaction Documents, as required, substantially as described herein

Relevant

EXHIBIT B

MANHATTAN WATERFRONT GREENWAY-INWOOD Executive Committee Meeting April 30,2025

Project Description: The design and construction of the Manhattan Waterfront Greenway - Inwood which consists of waterfront improvements to the bulkhead and upland improvements to close a remaining gap in the Manhattan Waterfront Greenway between Academy Street and North Cove. This project provides waterfront access to the Inwood community and connects to the site of the future Academy Street Park.

Borough: Manhattan

Types of Contracts: An engineering and design services contract, a CM Contract, and a special inspections contract.

Amounts to be Approved:

Up to \$232,000,000 in the aggregate for the Project, of which it is anticipated that:

- approximately \$20,000,000 will be used for the engineering and design services contract,
- approximately \$3,500,000 will be used for a new special inspections services contract, or for services under a then existing NYCEDC special inspections retainer contract, and
- all or most of the balance will be used for the CM Contract with the CM selected for the Project

Type of Funds: City Capital Budget funds

Procurement Methods:

- Publicly advertised RFPs for (1) the engineering and design services contract, and (2) the special inspections contract (if a new special inspections contract is to be used)
- Competitive sealed proposals for the CM Contract..

The contractor for the special inspections contract (if a new contract is entered into) and the selected CM will be approved by the President or an Executive Vice President of NYCEDC.

Agreements to be Approved:

- An engineering and design contract and any necessary amendments thereto (the “Design Contract”) with Stantec Consulting Services Inc. (“Stantec”) to provide engineering and design related services for the Project through construction completion;
- A CM Contract and any necessary amendments thereto (the “Greenway CM Contract”) with the selected CM for the provision of CM and related services for the Project, including pre-construction, construction, and post-construction services, through construction completion;
- A special inspection contract with the selected contractor and any necessary amendments thereto (the “Special Inspections Contract”) for the Project, if a new agreement is being entered into for such services; and
- Any needed Funding Source Agreements or amendments thereto.

M/WBE Goal: 30% for Stantec

Scope of Work: In partnership with City Parks, the Project will provide design, construction and related services for a section of the Manhattan Waterfront Greenway between Academy Street and North Cove in Inwood. The Special Inspections Contract or an existing special inspections retainer contract will provide all special inspections as required by the designed scope of work. The improvements made by the Project may include, without limitation, bulkhead improvements to the area, upland improvements, lighting, wayfinding, plantings, bicycle lanes, and walkways for pedestrians.

Proposed Resolution: To authorize the President and any empowered officer to enter into the Design Contract, the Greenway CM Contract, the Special Inspections Contract, and any needed Funding Source Agreements, and any needed amendments to these agreements, and to make Project expenditures and enter into other related documents, substantially as described herein.

Relevant Staff: Dennis Caramante, Project Director, Capital Program

EXHIBIT C

BROADWAY JUNCTION PUBLIC REALM IMPROVEMENTS: STATION GATEWAY PLAZA Executive Committee Meeting April 30, 2025

Project Description: The design and construction of Broadway Junction Public Realm Improvements, which include plaza improvements (the “Project”) around Broadway Junction Station Complex primarily at and around (1) Station Gateway Plaza, adjacent to Callahan-Kelly Playground at the northwest corner of the intersection between Van Sinderen Ave and Fulton Street and (2) Van Sinderen Plaza, at the southeast corner of the intersection between Van Sinderen Ave and Fulton Street. At this time, authorization is being sought for design and related services related to the Station Gateway Plaza.

Borough: Brooklyn

Types of Contracts: Design contract and any needed Funding Source Agreements

Amount to be Approved: Up to \$1,900,000 for design and related services for the Station Gateway Plaza.

Type of Funds: City Capital Budget funds

Procurement Method: Publicly advertised RFP

Agreements to be Approved:

- A design contract and any necessary amendments thereto (the “Design Contract”) with Langan Engineering, Environmental, Surveying, Landscape Architecture and Geology, D.P.C., (“Langan”) to provide design and related services for the Station Gateway Plaza portion of the Project
- Any needed Funding Source Agreements

M/WBE Goal: 30% for Langan

Scope of Work: In partnership with City Parks and City DOT, a portion of the Project will consist of design and related services primarily at and around Station Gateway Plaza, adjacent to Callahan-Kelly Playground at the northwest corner of the intersection between Van Sinderen Ave and Fulton Street. The improvements may include, without limitation, the following: demolish the existing NYPD Transit Bureau 33 building and remove an existing retaining wall on the site and provide new paving, lighting, seating,

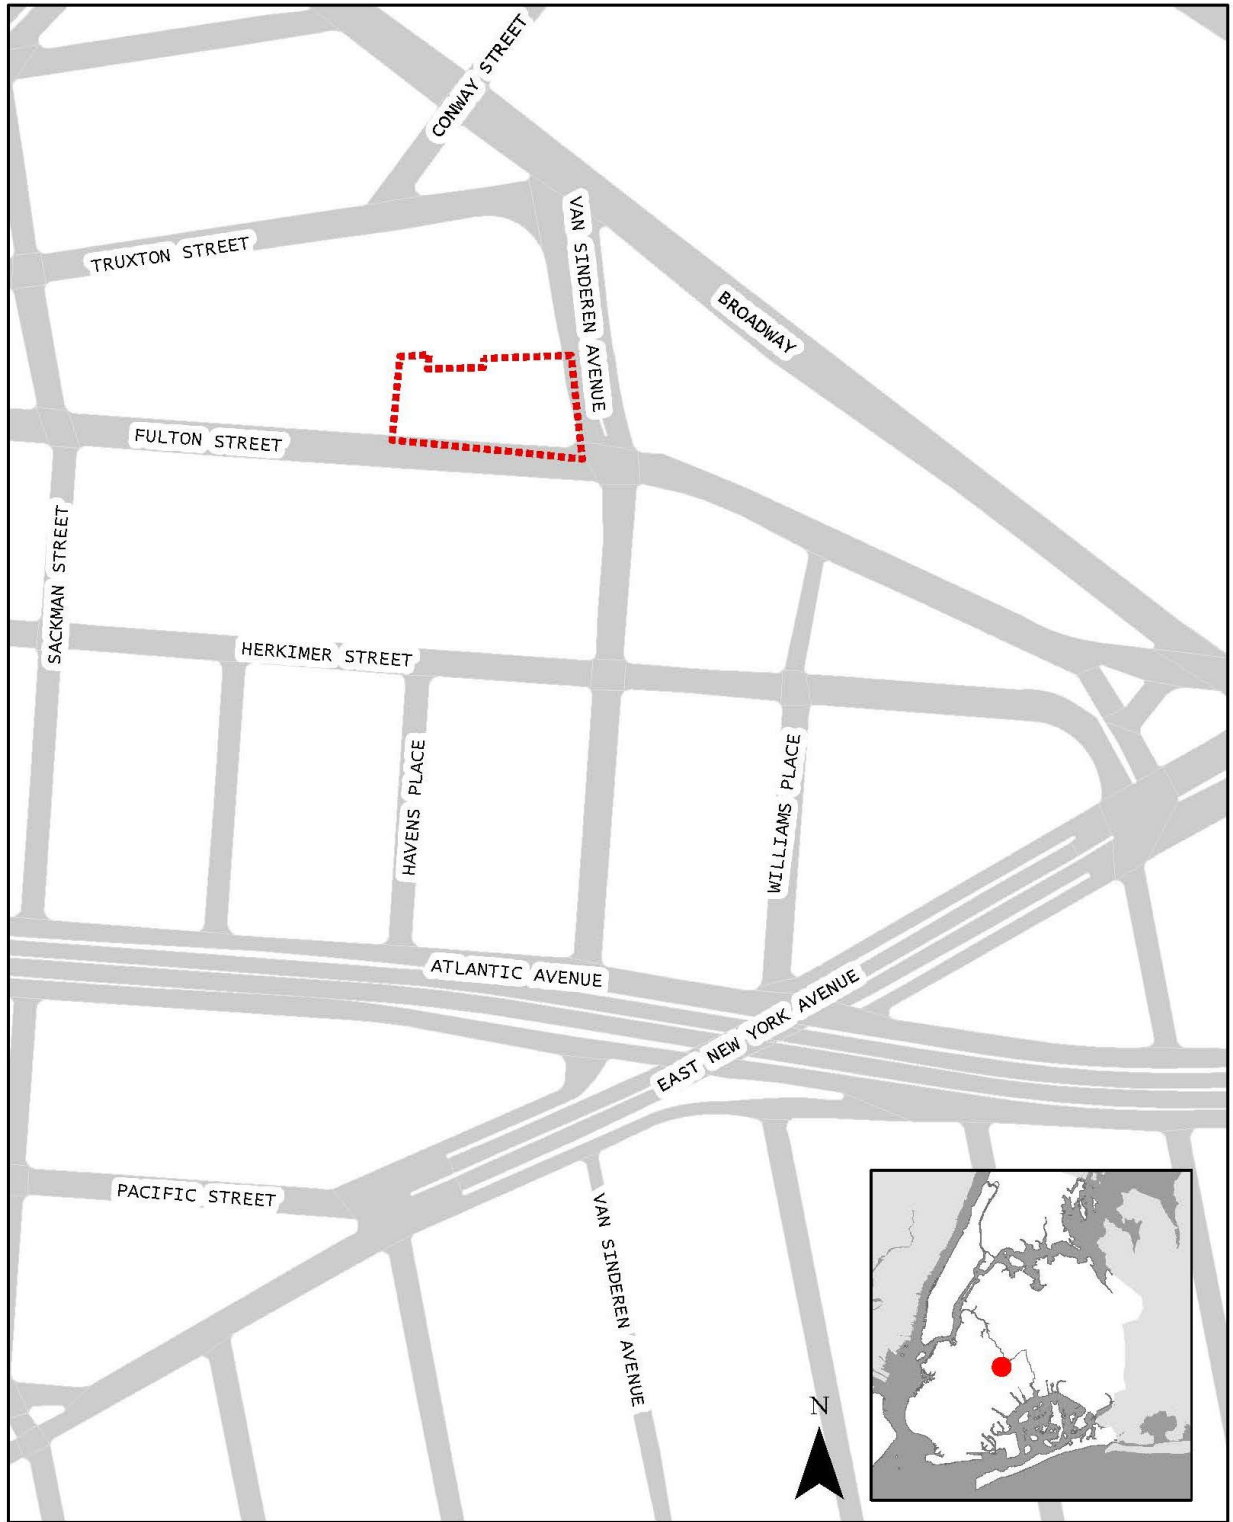

utilities, planting, irrigation and wayfinding to create connections to the existing Callahan Kelly Playground. They may also include a small kiosk.

Proposed Resolution: To authorize the President and any empowered officer to enter into the Design Contract and any needed Funding Source Agreements, and any needed amendments to these agreements, substantially as described herein

NYCEDC MGIS 4/23/25

EXHIBIT D

CLIMATE INNOVATION HUB DESIGN SERVICES
Executive Committee Meeting
April 30, 2025

Project Description:

NYCEDC released the Climate Innovation Hub RFP in April 2024 (the “RFP”). The RFP sought consortiums to develop a hub (the “Hub”) that will anchor a growing ecosystem along New York Harbor for new climate technologists, entrepreneurs and talent working to develop, pilot, and deploy new solutions to combat the effects of climate change. The Hub is expected to occupy approximately 200,000 SF at BAT Building A and is expected to provide services for business development, incubation and research commercialization, serving 150 startups over 10 years and offering workforce development opportunities for the local community. This new space will be a world-class facility enabling emerging market innovators, small companies, and growth-stage and commercialization-stage companies to build and rapidly prototype products, carry out product research and development and draw upon other needed resources in the fit-for-purpose space.

The RFP contemplated that, in addition to procuring the operator(s) to operate the Hub and manage its programming, NYCEDC would retain design and construction teams directly to improve the space at BAT housing the Hub, utilizing an aggregate investment of up to \$100,000,000.

For the initial design services required for the development of the Hub, NYCEDC proposes to retain Perkins & Will Architects, P.C. (“Perkins & Will”), which was selected by and will work with the selected Hub operator(s), to design the Hub (the “Project”). Perkins & Will will lead a set of specialty sub-consultants. The design process is expected to begin in May 2025 and be completed in November of 2025, followed by over two years of construction, with the Hub opening in early 2028.

NYCEDC will seek additional authorizations from the Executive Committee and/or Board of Directors in the future for the funding of the contracts with the selected operator(s) and, once it has achieved at least 50% of construction drawings (permit/bid set) and specifications documentation, for the remaining development work required for the Hub.

Borough: Brooklyn

Type of Contract: Consultant contract

Amount To Be Approved: Up to \$6,400,000

Type of Funds: NYCEDC programmatic budget funds that are anticipated to be reimbursed by City Capital Budget funds

Procurement Method: The consultant is the design consultant included in the response to the public RFP for the HUB operator(s) that have been conditionally selected by NYCEDC and will be submitted for approval at a later date. Under NYCEDC's annual contracts with the City, the consultant will technically be considered to have been selected on a sole source basis.

Agreement to Be Approved: An agreement with Perkins & Will for the Project services (the "Consultant Contract").

M/WBE Goal: 12%. Perkins & Will is in discussions with certain of its teams to improve this number.

Scope of Work: The scope of work for the Consultant Contract covers all phases of design related services for the Project, substantially as outlined below.

- Communications and Coordination: Ongoing coordination with all participants involved in the Project, attendance of and participation in meetings as required, preparation and tracking of regulatory approvals and permits, compilation of all pertinent specifications, standards, and codes, general administrative work.
- Technical Surveys and Data Gathering: Inspection of Project site, development of utility survey, documentation of site conditions and necessary repairs to bring spaces to tenantable condition.
- Design Sprint (i.e.using an expedited process) and Programming: Alignment of Project goals, priorities, schedule, budget, communications, public approvals processes and other management issues to help execute the Hub objectives with NYCEDC and Consultant teams. Phase deliverables include a consolidated program and space requirements, project vision and goals, sustainability targets, conceptual test fits and building system strategies as well as an initial cost analysis by a third party.
- Schematic Design: Development of the concept design, consistent with the requirements established in the Design Sprint and Programming phase. Phase deliverables include schematic level elevations, floor plans and sections, code analysis, conceptual renderings and Basis of Design by the structural, MEFP (mechanical, electrical, fire protection and plumbing), environmental design consultants.
- Design Development: Aimed at bringing the scope and vision developed during programming into conformance with budget, infrastructure requirements, and overall design intent. Phase deliverables include design development building documentation inclusive of finishes, specialty equipment, low voltage, telecom

and security.

- Construction Documentation: Completion of the Construction Documentation phase of the project, and issuance of documents for a building permit and for competitive bid by others.
- Bidding, Construction Administration and Closeout: Assistance in the review and analysis of bids and in ensuring that construction work conforms to the Construction Documents.

Proposed Resolution: To authorize the President and any empowered officer to enter into the Consultant Contract substantially as described herein

BCT SHORE POWER EQUIPMENT PURCHASE AND SERVICES
Executive Committee Meeting
April 30, 2025

Project Description:	<p>The current shore power system at the Brooklyn Cruise Terminal (“BCT”), originally installed in 2016, enables passenger cruise ships to use shore-based electric power while docking at the BCT. The original system allowed for cruise ships of a specific design to receive shore power. NYCEDC has been working to expand shore power access to more cruise ships at BCT by upgrading the various components of the existing system. As part of this expansion effort, previous authorizations allowed for the fixed shore power cable positioning device (“CPD”) to be upgraded to a mobile CPD, which allows a greater linear reach of the shore power. Prior authorizations also allowed for the design of pier infrastructure upgrades needed for the expansion of shore power at BCT.</p> <p>It is now proposed to obtain authorization that would help implement the build-out of the shore power expansion project by further amending the existing contract with Watts Marine LLC to include additional services in the scope of work and ratifying a purchase order for the purchase of additional equipment from Watts Marine LLC, related to the expansion.</p>
Borough:	Brooklyn
Types of Contracts:	Purchase order contract and an amendment to a consultant services contract
Amounts to be Approved:	Up to \$1,750,000 in the aggregate for the purchase order contract and amendment
Type of Funds:	City Capital Budget funds and NYCEDC programmatic budget funds
Procurement Method:	Sole source. The current BCT shore power system is proprietary and was purpose-built and installed at BCT by Watts Marine LLC in 2016 and adheres to the terminal’s unique specifications and requirements. Watts Marine LLC has the sole ability to provide the services necessary to deliver shore power expansion based on its previously performed work.

Last Exec. Comm. Approval: August 20, 2024

M/WBE Goal: Not applicable

Agreements to be Approved/Ratified: Ratification of a purchase order contract (the “Purchase Order”) with Watts Marine LLC related to the shore power expansion and approval of an amendment (the “Amendment”) to the services contract with Watts Marine LLC related to the BCT shore power expansion to provide for an increased scope and an increased budget

Scopes of Work:

- I. **Equipment purchase** (City Capital) – Purchase Order
Purchase principally of the following:
 - Two ground switches
 - Two sawtooth connection boxes
 - Automation equipment
- II. **Testing and Commissioning of equipment** – Purchase Order
(sawtooth connections, ground switches and possibly automation equipment)
- III. **Services**
 - Construction administration and oversight related to construction and equipment installation for the current phase of the shore power expansion project (City Capital) – Amendment to Watts Marine LLC Contract
 - Permitting task assistance
 - Testing and commissioning equipment
 - Bidding and procurement services
 - Support services i.e. approving drawings, answering RFIs, coordinating meetings and reporting on progress, etc.

Proposed Resolution: To authorize the President and any empowered officer (1) having entered into the Purchase Order and (2) to enter into the Amendment, substantially as described herein

CITYWIDE REHABILITATION/IMPROVEMENTS
Executive Committee Meeting
April 30, 2025

Proposed Resolution: To authorize the President and any empowered officer to enter into the amendment(s) to the FM/CM Contract indicated below and any needed Funding Source Agreements, substantially as described herein.

The proposed amendment(s) are sole source amendment(s) to a contract that was competitively procured. The contractor is acting as a CM and procuring subcontractors for the Project Work assigned to it in a manner permitted under its contract, with the primary procurement method anticipated to be a method similar to the CM method of procurement in NYCEDC's contracts with the City. Subcontractors retained by the contractor may, in turn, subcontract certain work.

Contract	Work Site	Borough	Project Work	Estimated Maximum Cost and Type of Funds	Project Code
Hunter Roberts 2017 FM/CM Contract (70180001)	Manhattan Cruise Terminal	Manhattan	Maintenance dredging and related construction management services and other related services for the Manhattan Cruise Terminal performed through one or more amendments to the 2017 Hunter Roberts FM/CM Contract. Inclusive of the FY26 Fall, FY26 Spring and Sail 250 dredging events. M/WBE Goal: 5%	Up to an additional \$16,400,000. The source of funds may be NYCEDC programmatic budget funds and any other funds available for the project, including without limitation, City Tax Levy funds, City Capital Budget funds, Federal funds, and other sources.	11088

MODIFICATIONS TO PREVIOUS AUTHORIZATIONS

Executive Committee Meeting

April 30, 2025

Proposed Resolution: To modify previous authorizations of the Executive Committee substantially as described herein and to authorize the President and any empowered officer to enter into any necessary agreements (including any needed Funding Source Agreements) related thereto.

The proposed modifications are being undertaken on a sole source basis to the extent any procurement is being undertaken

Item 1

Contractor	The Doe Fund, Inc. ("Doe Fund") and Klen Space Inc. ("Klen Space")	
Project Site Address(es)	Citywide	
Last Exec. Comm. Approval	12/17/2024	
Current Amount and Type of Funds	Project Work	Proposed Modification
Up to \$40,000,000 in the aggregate of City Tax Levy and NYCEDC programmatic budget funds for the Doe Fund and Klen Space contracts for the City Cleanup Corps program and Property Maintenance Program and for other related activities and expenditures.	<p>Labor and supervision services under the CleaNYC program (including services under the Graffiti-Free NYC program), primarily related to cleaning, including, but not limited to, street and sidewalk cleaning, cleaning of vacant lots and dumping by the roadside, trash and debris collection, and supplementary sanitation and cleaning services, and graffiti removal, at various locations throughout the City owned and/or managed by NYCEDC or with regard to which NYCEDC is asked to perform these services by the City. Under their contracts, Doe Fund and Klen Space may also obtain supplies, equipment and machinery and provide other services for the program.</p> <p>As part of Project services, Doe Fund and Klen Space may also be required to provide support services ("Support Services"), such as job training and workplace development for their staff, which includes disadvantaged populations and may include ex-substance abusers, unhoused, formerly incarcerated, and lower-income</p>	To provide up to an additional \$6,239,495.65 of City Tax Levy funds for the Doe Fund and Klen Space contracts for the CleaNYC program (including the Graffiti-Free NYC program) in Fiscal Year 2026, bringing the total aggregate amount authorized for their contracts for those programs and for the Area Maintenance Program to up to \$46,239,495.65, which funds may be used for past and future services. NYCEDC may also use a portion of such \$6,239,495.65 to enter into other contracts and make expenditures for supplies, parts, equipment, machinery, waste containers, transportation and possibly other services as needed for the Graffiti-Free NYC and CleaNYC programs, which in almost all cases are anticipated to be procured through a small purchase procurement method. Existing approved retainer contracts and amendments thereto may also be used for such matters, using a portion of such \$6,239,495.65. Funds may also be spent on Support Services. Funds will be apportioned between Doe Fund and Klen Space contracts

	<p>individuals, to assist their development and ability to lead independent and productive lives.</p> <p>Under Klen Space's contract, Klen Space also provides Area Maintenance Program services and a portion of the funds previously authorized for its contract is for such services.</p>	<p>contingent on programmatic needs. Up to 3% of the \$6,239,495.65 may be retained by NYCEDC as a fee.</p>

Contractor		nArchitects PLLC (“nArchitects”)
Project Site Address(es)		MADE Bush Terminal, Brooklyn
Last Exec. Comm. Approval		9/27/2024
Amount and Type of Funds	Project Work	Proposed Modification
Up to \$1,000,000; NYCEDC programmatic budget funds	<p>nArchitects is currently responsible for the design, fabrication and installation of furniture, fixtures and equipment (“FF&E”) (including minimal acoustic, audio/visual and plumbing) for the Lobby Corridor and Lobby Gathering, and some of such work for the Annex and Annex Corridor portions, of the ground floor for Building A at MADE Bush Terminal.</p> <p>The work involves four distinct phases: Initial Design Direction, Conceptual and Schematic Design Development, Final Design Development, and Fabrication and Installation.</p>	<p><u>Scope Expansion</u></p> <p>nArchitects shall onboard Public Records, Inc. (“Public Records”), NYCEDC’s previously selected operator for the ground floor, and engineering firms as subcontractors, which will provide input on nArchitects design for portions of the ground floor. With Public Records’ and other such subcontractors’ input, nArchitects shall additionally be tasked with the complete design and fitout of all of the Annex as a fully operational event space. Such interventions will include design, fabrication and installation of FF&E and will include bespoke audio and visual technology, furnishing and back of house kitchen appliances.</p> <p><u>Value Increase</u></p> <p>Up to \$2,500,000 in additional funds for the nArchitects contract for an aggregate authorized contract value of up to \$3,500,000, a portion of which additional funds will be used by nArchitects for the additional design, fabrication and installation work. Should nArchitects’ design include electrical or plumbing work that it will not be tasked with constructing, the authorized amount of the nArchitects contract will be reduced by the cost of such construction work, which NYCEDC will separately contract for.</p> <p>The funding source for the additional funds will be NYCEDC programmatic budget funds.</p>

HOMEOWNER ASSISTANCE PROGRAM FOR ANCILLARY DWELLING UNITS
Executive Committee Meeting
April 30, 2025

Project Description: NYCEDC proposes to engage a consultant to perform public and industry engagement and develop a web-based resource for the Homeowner Assistance Program for Ancillary Dwelling Units (“ADU”) in collaboration with the New York City Mayor’s Office of Policy and Planning, HPD, and the New York City Department of Buildings.

Borough: Citywide

Types of Contracts: Consultant contract and any needed Funding Source Agreements

Amount to be Approved: Up to \$775,000

Type of Funds: City Tax Levy funds

Procurement Method: M/WBE small purchase

M/WBE Goal: 69%

Agreements to be Approved:

- A consultant contract, and possible amendments thereto (the “Consultant Contract”), with Claire Weisz Architects LLP (the “Consultant”) to provide services substantially as described herein
- Any needed Funding Source Agreements

Scope of Work: As part of the City of Yes for Housing Opportunity initiative, City Planning legalized ADUs as a new category of residence in the Zoning Resolution of the City of New York. A goal of the City of Yes for Housing Opportunity initiative is, through public and industry engagement, to facilitate the development of publicly available resources for homeowners related to ADUs.

The Consultant, managed by NYCEDC in consultation with collaborating City agencies, will be responsible for executing engagement with homeowners and members of the public and related industries during the roll out of the Homeowner Assistance Program for ADU. The Consultant team will create an engagement process that will build a robust easy-to-use website and a coalition of homeowners, community-based organizations, design professionals, and building owners. The specific set of services include:

- Project management and coordination
- Website development
- Development of a library of materials, including pre-approved plans

- Public education modules
- Marketing material development

Proposed Resolution: To authorize the President and any empowered officer to enter into the Consultant Contract and any needed Funding Source Agreements, substantially as described herein

Relevant Staff: Jennifer Sun, Executive Vice President, Planning Division
Samuel Cohen, Vice President, Planning Division
Mirtha Hernandez, Senior Project Support Analyst, Planning Division

FUNDING AGREEMENT
Executive Committee Meeting
April 30, 2025

Proposed Resolution: To authorize the President and any empowered officer to enter into a funding agreement that has been procured on a sole source basis, substantially as described herein, and any needed Funding Source Agreement.

Contractor Name and Description, and Agreement/Amendment (the agreement may be with the named contractor or an affiliate of the named contractor)	Project Site Address, Borough	Source or Type of New NYCEDC Funds	Amount Under New Agreement/ Amendment	Application of Funds
Community Healthcare Network, Inc. ("CHN")- Funding Agreement	36-11 21st St Suite #1, Long Island City	City Capital Budget funds made available by the City Council and the Queens Borough President	Up to \$750,000	To fund a portion of the cost of new casework and millwork in exam rooms, installation of a ceiling, sinks, faucets, built-in reception desk, and energy-efficient lighting, and possibly other renovations, at CHN's facility at 36-11 21 st Street. This project has no M/W/DBE goal.

NYCEDC Project Code: (1) 11153

Relevant Staff: Dante Panora; Project Manager

Description of Contractor

- (1) **Community Healthcare Network, Inc. (CHN)** is a not-for-profit, 501(c)(3) organization that provides access to quality, culturally competent, and comprehensive community-based primary care, mental health services, and social services for diverse populations in underserved communities in four boroughs of New York City. As a network of twelve health centers, two medical mobile units, and two school-based health centers, CHN reaches over 85,000 individuals each year.

EXHIBIT J

RISE UP NYC SUMMER CONCERT SERIES 2025
Executive Committee Meeting
April 30, 2025

Project Description:	Provision of event production services for NYC's Rise Up Summer Concert Series 2025, a celebration of music, performance, and culture, consisting of approximately 10 individual event days in all of New York City's boroughs, to join together all New Yorkers in support of peace, prosperity, and a call to unify (the "Project").
Borough:	Citywide
Type of Contract:	Consultant contract and possibly amendment(s) thereto
Amount to be Approved:	Up to \$5,000,000
Type of Funds:	NYCEDC programmatic budget funds anticipated to be reimbursed by City Tax Levy funds
Procurement Method:	Sole Source. Globe Star Media Entertainment, Inc. ("Globe Star") is an event planning services company with prior experience in planning events of this scale in accordance with guidelines that the City has regarding parks and historical landmarks, and the coordination involved in working with multiple government agencies in locations throughout the City (e.g., NYC Homecoming Event 2021, NYC Summer Concert Series 2022, NYC Rise Up Summer Concert Series 2023, and the NYC Rise Up Summer Concert Series 2024). Globe Star's previous experience working on events of this magnitude and complexity, along with its understanding of the City's branding and event guideline structure, permitting process, and compliance requirements, makes the company highly qualified to provide the Project services for a citywide, multi-dimensional event. Given the short timeframe and the vendor's experience, Globe Star is highly qualified to hit the ground running and execute an event of this magnitude with the best possible outcome.
Last Exec. Comm. Approval:	June 18, 2024

M/WBE Goal: Not applicable

Agreement to be Approved: A consultant contract (the "Globe Star Contract") with Globe Star to provide Project services, and any needed amendments thereto

Scope of Work: Project services include acquiring talent, content and design creation, securing permits, video projection, staging, rigging, event promotion, and other related services.

Proposed Resolution: To authorize the President and any empowered officer to enter into the Globe Star Contract and any needed amendments thereto, substantially as described herein

CORONA PLAZA COMMUNITY VENDING MARKET
Executive Committee Meeting
April 30, 2025

Project Description: Providing funds to Queens Economic Development Corporation (“QEDC”), as operator of the Corona Plaza community vending market (the “Market”) located on Roosevelt Avenue, between 104th Street and National Street in Queens. to support QEDC’s cost for maintenance work at the Market, and possibly the operations and activities of the Market.

Borough: Queens

Types of Contracts: Grant agreement and Funding Source Agreement

Amounts to be Approved: Up to \$150,000

Type of Funds: NYCEDC funds received as a donation from the Steven & Alexandra Cohen Foundation, Inc.

Procurement Method: Sole source

Agreement to be Approved: A grant agreement with QEDC, pursuant to which NYCEDC will provide up to \$150,000 to support the continued maintenance work at, and possibly the operations and activities of, the Market (the “Grant Agreement”), and any needed Funding Source Agreement

Scopes of Work: Funds provided under the Grant Agreement are anticipated to be primarily used to support operating expenses to maintain the Market. QEDC’s Market operations currently include costs related to: market manager salaries, insurance, trash collection, stall maintenance, nearby office and kitchen space. QEDC’s Market vendor operations currently include: 14 vendors that operate Wednesday to Sunday, 9 a.m. to 8 p.m, Vendors do not pay a vendor fee and are local to the community.

Proposed Resolution: To authorize the President and any empowered officer to enter into the Grant Agreement and any needed Funding Source Agreements, and any needed amendments thereto, substantially as described herein

EXHIBIT L

**TROUTMAN PEPPER LOCKE LLP
(FORMERLY KNOWN AS TROUTMAN PEPPER HAMILTON SANDERS LLP)
Executive Committee Meeting
April 30, 2025**

Project Description:	Provision of construction related legal services for NYCEDC's keystone economic projects
Type of Contract:	Legal retainer agreement (the "Retainer Agreement")
Amount to be Approved:	Up to \$350,000 (an increase of up to \$250,000 in the currently authorized amount for the Retainer Agreement with Troutman Pepper Locke LLP formerly known as Troutman Pepper Hamilton Sanders LLP ("Troutman Pepper") for Project services)
Procurement Method:	The Retainer Agreement was entered into as a small purchase. The increase in the authorized amount of the Retainer Agreement and any related agreement(s), if any, will be on a sole source basis.
Type of Funds:	NYCEDC programmatic budget funds

Scope of Work: Troutman Pepper is a national law firm with more than 1,200 lawyers in 23 U.S. cities. The New York office has more than 140 attorneys, of whom 12 are dedicated to construction. Troutman Pepper's construction attorneys handle the full life cycle of a project, from project planning, risk assessments, project delivery advice, drafting bid and proposal requests, bid and proposal review and assessment, drafting and negotiation of contract terms, and analysis of project risks to counseling on project delivery systems, project controls, project management best practices, and early resolution of project disputes. NYCEDC will be seeking Troutman Pepper's advice on project labor agreements and possibly other labor-related issues on NYCEDC's keystone economic development projects. Troutman Pepper has performed certain of these services to date.

Troutman Pepper will charge the following rates per hour and may be reimbursed for certain out of pocket expenses:

- Partners: \$650
- Counsel: \$600
- Associates with at least 6 years of experience: \$550
- Associates with at least 2 years of experience: \$450
- Associates with fewer than 2 years of experience: \$200
- Paralegals: 250

It should be noted that the City's Law Department, pursuant to its role under NYCEDC's annual contracts with the City, has approved the rates and retention of Troutman Pepper for this matter.

Proposed Resolution: To increase the amount authorized for the Retainer Agreement with Troutman Pepper and to authorize the President and any empowered officer to enter into any needed agreements related thereto, substantially as described herein

WOMEN.NYC - PIVOT TO GROWTH: ENTREPRENEURSHIP
Executive Committee Meeting
April 30, 2025

Project Description:

Consultant services to support Pivot to Growth: Entrepreneurship (the “Program”), an innovation industry focused, cohort-based program designed to provide customized business growth frameworks to entrepreneurs operating for at least two years in NYCEDC’s core industries (the green economy, life sciences, and technology).

The Program focuses on women entrepreneurs in the core industries but is open to all. The Program supports businesses that are (1) ready to scale but not yet ready for venture capital or (2) looking for alternative sources of funding (e.g. sales, lending, etc.). The Program will support businesses in diversifying funding, scaling and in closing the gap between ready-to-scale and ready-for-investment. Over the course of an estimated 12 weeks, participants will benefit from tailored curriculum, individualized coaching with industry experts and customized technical assistance.

In 2024 Pivot to Growth: Entrepreneurship was piloted in a control group of 10 participants, who showed an average increase of 30% in revenue after six months of participating in the Program.

Borough:

Citywide

Type of Contract:

Consultant contract and any needed Funding Source Agreements. The contract will have an initial term of approximately one year..

Amount to be Approved:

Up to \$200,000 for the initial term

Type of Funds:

NYCEDC programmatic budget funds

Procurement Method:

MWBE Small Purchase

Agreement to be Approved:

A consultant contract with Get Sh!t Done, LLC (the “Consultant”) for Project services (the “Consultant Contract”)

Scope of Work: Pursuant to the Consultant Contract, the Consultant is anticipated to perform the Project services necessary to successfully deliver two cohorts per year of the Program. The Consultant will provide services including:

- (i) Program Design and Planning: Conduct Program design in collaboration with Women.NYC team.
- (ii) Program Implementation: Participant recruitment, managing facilitators and coaches, managing Program logistics and operations, and conducting workshops/coaching sessions.
- (iii) Program Metrics and Evaluation: In collaboration with Women.NYC, develop and provide Program metrics and an evaluation framework to assess the Program's impact.
- (iv) Ancillary services.

Proposed Resolution: To authorize the President and any empowered officer to enter into the Consultant Contract and any needed Funding Source Agreements substantially as described herein

**PURSUIT EMERGING TECH HUB
Executive Committee Meeting
June 17, 2025**

Project Description:	Providing funds for capital improvement work related to construction and fit-out, as well as funds related to future lease payments which will be structured as a standby letter of credit for the landlord, for the Pursuit Emerging Tech Hub (the “Hub”), a new center being established by Pursuit Transformation Company Inc. (“Pursuit”) in Long Island City, Queens. Pursuit currently operates a similar program at a different location and will move its operations to the Hub and modify them to operations substantially as described for the Hub herein. The Hub will occupy approximately 33,000 square feet (one floor) at One Court Square in Long Island City. The majority of the square footage will be dedicated to workforce development and innovation-related programming, including “Fellow” (student) training labs to teach technical skills in emerging technologies, workstations, wellness rooms, public community events, and flex spaces available for programmatic partners such as employers and government. The Hub will be regularly used by Fellows, NYC residents, and industry and community partners for tech innovation activities, including workforce training programs, career workshops, industry events, community engagement, and entrepreneurial initiatives.
Borough:	Queens
Types of Contracts:	Grant agreement and ancillary agreements
Amount to be Approved:	Up to \$2,000,000
Type of Funds:	NYCEDC funds received as a donation from the Steven & Alexandra Cohen Foundation, Inc.
Procurement Method:	Sole source
Agreements to be Approved:	A grant agreement with Pursuit (the “Grant Agreement”) and any needed ancillary agreements related to implementing the Project substantially as described herein and any needed Funding Source Agreements

M/WBE Participation Goal: 30%

Scope of Hub Work: Funds provided under the Grant Agreement are anticipated to be used as follows:

- (i) up to \$750,000 for capital improvement work related to Pursuit's build-to-suit renovation of the Hub space, such as shell preparation and white box delivery hard costs (including framing, carpentry, millwork, and MEP (mechanical, electrical, and plumbing) rough-ins). The total anticipated costs for capital improvement work related to construction and fit-out of the Hub are approximately \$13,000,000; and
- (ii) up to \$1,250,000 to support future lease payments, which will be structured as a standby letter of credit for the landlord, with the ownership of the then remaining balance of such funds transferring to Pursuit after five years subject to Pursuit successfully meeting requirements and deliverables being negotiated and to be defined in the Grant Agreement, which may include matters such as meeting certain programmatic requirements.

Once the Hub is constructed, Hub programming will principally fall into the following categories:

1. Developing "innovation natives":
 - a. The Hub will develop New York City talent with the skills to further the adoption of emerging technologies and increase innovation across industry sectors. Pursuit anticipates that the Hub will enable it to increase Fellow enrollment from 216 to 432 Fellows per year. By operating-year ten, Pursuit anticipates that it will have trained more than 3,350 Fellows with foundational emerging technology skills.
 - b. Pursuit removes barriers to creating an inclusive tech workforce: Historically, 100% of Fellows have been low-income, and approximately 70% have been Black or Latinx, approximately 50% have been women or non-binary, approximately 60% have not had a four-year degree, approximately 40% have been immigrants, and approximately 50%+ have received public assistance.
 - c. All Fellows learn entrepreneurial thinking, develop minimum viable products (MVPs), and build non-technical professional leadership skills.
2. Building industry capacity for faster adoption of emerging technologies:
 - a. Fellows will be trained in artificial intelligence ("AI"), cybersecurity, big data, climate tech, blockchain, or other novel technologies. Skilled, early-stage talent will bring emerging technologies within reach of any organization.
 - b. Pursuit anticipates that the Hub will directly unlock approximately 2,850 software jobs for Fellows to build novel tools and drive broad adoption.

- c. Through apprenticeships and employer services, Pursuit knows what Fellows are working on and what companies are developing, allowing Pursuit to adjust training to fit industry needs as technologies continue to evolve.
- 3. Unlocking cross-sector alignment:
 - a. The Hub will convene and more deeply align businesses, jobseekers, workforce development organizations, and government partners, empowering all sectors with emerging technology adoption.

Proposed Resolution: To authorize the President and any empowered officer to enter into the Grant Agreement, any needed Funding Source Agreements, and ancillary agreements, and amendments thereto, substantially as described herein

Relevant Staff: Jonathan Schulhof, Executive Vice President, Innovation Industries
Jamie Horton, Director, Special Projects, President's Office

FORDHAM ROADS: THE GREEN JOBS CENTER
Executive Committee Meeting
June 17, 2025

Project Description: Providing funds for capital improvement work related to the construction of The Green Jobs Center (“Fordham ROADS”). Fordham ROADS, a new center being established by Fordham University (“Fordham”) near the Rose Hill campus in the Bronx. will occupy approximately 12,600 square feet (two floors) at 585 East Fordham Road in the Bronx. The majority of the square footage will be dedicated to workforce development and entrepreneurship offerings related to the green economy.

Borough: Bronx

Type of Contract: Funding agreement

Amount to be Approved: Up to \$3,000,000

Type of Funds: City Capital Budget funds

Procurement Method: Public RFP

Agreement to be Approved: A funding agreement with Fordham or an affiliated entity, pursuant to which NYCEDC will provide up to \$3,000,000 to support capital improvement work related to construction for Fordham ROADS (the “Funding Agreement”).

Scope of Work: Funds provided under the Funding Agreement are anticipated to be used toward shell preparation and white box delivery hard costs (including framing; carpentry; millwork; and mechanical, electrical, and plumbing rough-ins) related to Fordham’s build-to-suit renovation of the Fordham ROADS space.

The total anticipated costs for capital improvement work related to construction for Fordham ROADS are approximately \$15,500,000 with a 30% MWBE Goal.

Once Fordham ROADS is constructed, programming will principally fall into the following categories:

- a. **Green Jobs Training Program:** Fordham ROADS will offer a comprehensive training program focused on preparing individuals for employment in various sectors of the green economy. This initiative will provide participants with essential skills and knowledge required for roles in renewable energy, energy

efficiency, sustainable transportation, and environmental conservation. Through partnerships with industry experts and educational institutions, the program will offer hands-on training, workshops, and certifications to equip participants with the competencies needed to thrive in the rapidly growing green job market.

- b. **Solar Panel Installation Apprenticeships:** Recognizing the increasing demand for solar energy solutions, Fordham ROADS will launch an apprenticeship program specifically tailored to solar panel installation. Participants will receive practical training in photovoltaic system installation, maintenance, and safety protocols. This initiative will not only address the shortage of skilled solar installers but also provide opportunities for individuals from underserved communities to access well-paying jobs in the renewable energy sector. By partnering with local solar companies and industry associations, Fordham ROADS will facilitate job placements and career advancement opportunities for apprentices.
- c. **Environmental Justice Advocacy Training:** In response to the urgent need for environmental justice initiatives, Fordham ROADS will develop a training program focused on empowering community members to advocate for equitable environmental policies and practices. This initiative will provide participants with knowledge about environmental justice principles, legislative processes, and grassroots organizing strategies. Through interactive workshops, guest lectures, and community engagement projects, participants will learn how to address environmental inequities and promote sustainable development practices in their neighborhoods. This program will foster a new generation of environmental justice leaders who can champion meaningful change in their communities.
- d. **Green Building and Sustainable Design Workshops:** With a focus on promoting sustainable construction practices, Fordham ROADS, will offer workshops and seminars on green building techniques and sustainable design principles. Participants will learn about energy-efficient building materials, passive design strategies, and renewable energy integration in construction projects. Through hands-on activities and case studies, participants will gain practical insights into sustainable building practices and their environmental benefits. This initiative will cater to individuals interested in careers in architecture, construction, engineering, and urban planning, providing them with valuable skills to contribute to the green building revolution in the Bronx and beyond.
- e. **Urban Farming and Agriculture Entrepreneurship Program:** To address food insecurity and promote urban agriculture, Fordham ROADS will establish a program focused on urban farming and agriculture entrepreneurship. Participants will learn about sustainable farming practices, hydroponics, vertical gardening, and small-scale food production techniques. Additionally, the program will offer training in business planning, marketing, and financial management for aspiring urban farmers and food entrepreneurs. Through

partnerships with local urban farms, community gardens, and food justice organizations, participants will have opportunities to gain hands-on experience and launch their own sustainable food businesses. This initiative will not only create pathways to employment in the green economy but also foster food sovereignty and resilience in the Bronx community.

Proposed Resolution: To authorize the President and any empowered officer to enter into the Funding Agreement and any needed Funding Source Agreements, and ancillary agreements and amendments, substantially as described herein

**HOMEOWNER ASSISTANCE PROGRAM FOR ANCILLARY DWELLING UNITS:
TECHNICAL ASSISTANCE
Executive Committee Meeting
June 17, 2025**

Project Description:	NYCEDC proposes to engage a consultant to provide technical assistance and support to homeowners in New York City regarding how to develop Ancillary Dwelling Units (“ADU”), in collaboration with the New York City Mayor’s Office of Policy and Planning, HPD and the New York City Department of Buildings.
Borough:	Citywide
Types of Contracts:	Consultant contract and any needed Funding Source Agreements
Amount to be Approved:	Up to \$1,900,000 over four years
Type of Funds:	City Tax Levy funds
Procurement Method:	Sole source
M/WBE Goal:	N/A

Agreements to be Approved:

- A consultant contract, and possible amendments thereto (the “Consultant Contract”), with Restored Homes Housing Development Fund Corporation (the “Consultant”) to provide Project services substantially as described herein
- Any needed Funding Source Agreements

Scope of Work: As part of the City of Yes for Housing Opportunity initiative, City Planning legalized ADUs as a new category of residence in the Zoning Resolution of the City of New York. A goal of the City of Yes for Housing Opportunity initiative is to provide technical assistance and support to homeowners across the five boroughs of New York City on how to develop ADUs on their property in full compliance with all applicable City code, regulations and standards.

The Consultant, managed by NYCEDC in consultation with collaborating City agencies, will serve as the central point of contact for ADU assistance to homeowners, including the following specific set of services:

- Establish an ADU Help Center, including a dedicated phone line and email address for homeowners seeking to add an ADU to their property
- Ensure all calls and emails are responded to promptly using scripts, protocols, and workflows for homeowner inquiries

- Provide site qualification assistance to homeowners through desktop property assessments and a web-based property qualification tool
- Offer guidance on checklists and modules for pre-development; design plans and permitting; contractor scopes and bids; requirements for construction completion and sign-off; financing tools and resources; general questions on rental unit management, maintenance, and tenant selection
- Maintain and update a pre-approved vendor list of contractors and design professionals

Proposed Resolution: To authorize the President and any empowered officer to enter into the Consultant Contract and any needed Funding Source Agreements, substantially as described herein

SUNSET PARK ECONOMIC MOBILITY NETWORK
Executive Committee Meeting
June 17, 2025

Project Description:	<p>NYCEDC is committed to fostering an inclusive and competitive economy for all New Yorkers, with a particular focus on equitable economic development. As part of this mission, NYCEDC launched a new initiative to create an Economic Mobility Network in two pilot locations – one of which is Sunset Park. (The other is Hunts Point.) NYCEDC recognizes that locally driven workforce development strategies are essential to creating pathways to prosperity and the goal of the Economic Mobility Network is to identify and implement a slate of priority workforce development projects that will aim to: (i) expand local resident employment at properties and projects overseen by NYCEDC, (ii) expand local resident training for NYCEDC innovation industries (Green Economy, Life Sciences and Tech and Creative), (iii) expand local internships and apprenticeships at NYCEDC properties and projects and (iv) expand local youth awareness of NYCEDC innovation industries.</p> <p>In connection with the Economic Mobility Network, NYCEDC issued an RFP to identify eligible 501(c)(3) nonprofit organizations with deep ties to the Sunset Park community. After evaluation of the responses, Southwest Brooklyn Industrial Development Corporation (“SBIDC”) was selected to enter into a contract with NYCEDC for Project services for Sunset Park for the specified award amount.</p>
Borough:	Brooklyn
Type of Contract:	Services contract
Amount to be Approved:	Up to \$1,400,000
Type of Funds:	NYCEDC programmatic budget funds
Procurement Method:	Publicly advertised RFP
Agreement to be Approved:	Services contract with SBIDC to develop and manage the Economic Mobility Network for Sunset Park

Scope of Work: SBIDC will provide ongoing workforce development services to further the goal of the Network. An overview of these services includes:

- Workforce needs assessment
- Stakeholder engagement
- Project identification
- Project implementation
- Long-term governance strategy
- Long-term funding strategy

Proposed Resolution: To authorize the President and any empowered officer to enter into a contract with SBIDC for services substantially as described herein

HUNTS POINT ECONOMIC MOBILITY NETWORK
Executive Committee Meeting
June 17, 2025

Project Description: NYCEDC is committed to fostering an inclusive and competitive economy for all New Yorkers, with a particular focus on equitable economic development. As part of this mission, NYCEDC launched a new initiative to create an Economic Mobility Network in two pilot locations –one of which is Hunts Point. (The other is Sunset Park.) NYCEDC recognizes that locally driven workforce development strategies are essential to creating pathways to prosperity and the goal of the Economic Mobility Network is to identify and implement a slate of priority workforce development projects that will aim to: (i) expand local resident employment at properties and projects overseen by NYCEDC, (ii) expand local resident training for NYCEDC innovation industries (Green Economy, Life Sciences and Tech and Creative), (iii) expand local internships and apprenticeships at NYCEDC properties and projects and (iv) expand local youth awareness of NYCEDC innovation industries.

In connection with the Economic Mobility Network, NYCEDC issued an RFP to identify eligible 501(c)(3) nonprofit organizations with deep ties to the Hunts Point community. After evaluation of the responses, The Greater Hunts Point Economic Development Corporation (“GHPEDC”) was selected to enter into a contract with NYCEDC for Project services for Hunts Point for the specified award amount.

Borough: Bronx

Type of Contract: Services contract

Amount to be Approved: Up to \$1,400,000

Type of Funds: NYCEDC programmatic budget funds

Procurement Method: Publicly advertised RFP

Agreement to be Approved: Services contract with GHPEDC to develop and manage the Economic Mobility Network for Hunts Point

Scope of Work: GHPEDC will provide ongoing workforce development services to further the goal of the Network. An overview of these services includes:

- Workforce needs assessment
- Stakeholder engagement
- Project identification
- Project implementation
- Long-term governance strategy
- Long-term funding strategy

Proposed Resolution: To authorize the President and any empowered officer to enter into a contract with GHPEDC for services substantially as described herein

SILENTSHIELD INITIATIVE
Executive Committee Meeting
June 17, 2025

Project Description: Retaining United Development Training Center Corp. ("UDTCC") to assist in deploying the City's "SilentShield" initiative. The SilentShield initiative is an effort to integrate and/or install technology in bodegas to connect them to the New York City Police Department ("NYPD") during emergencies.

Borough: Citywide

Type of Contract: An agreement for Project services and any needed Funding Source Agreements

Amount to be Ratified and Approved: Up to \$1,625,000

Type of Funds: NYCEDC programmatic budget funds anticipated to be reimbursed by City Tax Levy funds

Procurement Method: Sole source with UDTCC which is a not-for-profit corporation associated with United Bodegas of America, an association of bodegas

M/WBE Goal: N/A

Agreement to be Ratified: An agreement (the "UDTCC Agreement") with UDTCC to provide Project services

Scope of Work: To execute the SilentShield initiative, UDTCC is responsible for: (i) procuring proposals from technology vendors that provide panic buttons and related technology/services, (ii) selecting and contracting with the technology vendor(s) for the installation of the panic buttons and related technology/services, (iii) working with NYPD and other agencies to facilitate technology integration, (iv) recruiting and selecting businesses to participate in the initiative, and (v) monitoring and reporting, as necessary, the initiative's progress.

Proposed Resolution: To authorize NYCEDC entering into the UDTCC Agreement and any needed Funding Source Agreements, substantially as described herein

NYC CATALYST FUND: NVP
Executive Committee Meeting
June 17, 2025

Project Description:

The NYC Catalyst Fund (the “Program”) is designed to contribute to NYCEDC’s net operating income and overall impact through a portfolio of investments. The Program invests in funds managed by external fund managers that align with the financial and impact goals of the Program, and was last approved by the NYCEDC Board of Directors on June 13, 2023. (The Program was named the New York City Economic Development Corporation Impact Investing Program at the time.)

In connection with the Program, NYCEDC proposes to enter into an agreement with NVP III General Partner, L.L.C. (the “General Partner”) through which NYCEDC will make a commitment to Newark Venture Partners Fund III, L.P. (“NVP Fund III” or the “Investment Fund”), which will be managed by Newark Venture Accelerator, L.L.C. (“NVP” or the “Fund Manager”). The commitment and investments shall be referred to herein, collectively, as the “Transactions”.

NYCEDC chose to make this commitment based on the Program’s selection criteria, which span various financial and impact categories, described in the Request for Applications for the Program. NVP is an early-stage venture capital firm headquartered in Newark, NJ, the primary office of which is based in New York City. NVP invests exclusively in technology startups. NYCEDC chose to make an investment in NVP Fund III for several reasons. NVP expects to deploy a significant amount of capital to companies based in New York City. NVP is a diverse-owned firm with a demonstrated track record of supporting diverse entrepreneurs. In addition, each of its two partners brings over two decades of the investment experience necessary to provide the services described herein.

NYCEDC proposes to enter into an agreement with the General Partner, through which NYCEDC will make a commitment to NVP Fund III.

Borough:

Citywide

Amount to be Approved:

Up to \$4,000,000

Type of Funds:

NYCEDC programmatic budget funds

Procurement Method: Publicly advertised Request for Applications (using the competitive sealed proposals method of procurement under NYCEDC’s annual contracts with the City) to select the fund managers for the Program.

Agreements to be Approved: Agreements needed in connection with the Transactions, including a limited partnership agreement, a subscription agreement, and any necessary ancillary agreements among NYCEDC, NVP, the Investment Fund, the General Partner and/or other relevant parties, and any needed amendments thereto (collectively, “Transaction Documents”).

M/W/DBE Goal: Not applicable

Scope of Work: The Fund Manager will provide services substantially as described below:

- Source investments and screen for ones that meet the investment strategy of the Investment Fund.
- Conduct a rigorous diligence process that evaluates potential investments against investment selection criteria.
- Structure and execute investments into the types of portfolio companies and projects that are specified in the Transaction Documents.
- Manage portfolio companies and provide them with strategic support.
- Make distributions to NYCEDC.
- Provide regular reports for the Investment Fund and the Transactions in which NYCEDC has an equity interest.
- Hold regular meetings for investors of the Investment Fund in accordance with the Transaction Documents.
- Perform any other services necessary for the furtherance of the Program.

Proposed Resolution: To authorize the President and any empowered officer to make a commitment to the Investment Fund and to enter into the Transaction Documents, as required, substantially as described herein

Relevant

Staff: Brinda Ganguly, Executive Vice President, Strategic Investments Group
Audrey Ellen, Assistant Vice President, Strategic Investments Group
Maxwell Frenkel, Senior Associate, Strategic Investments Group

MODIFICATIONS TO PREVIOUS AUTHORIZATIONS

Executive Committee Meeting

June 17, 2025

Proposed Resolution: To modify previous authorizations of the Executive Committee substantially as described herein and to authorize the President and any empowered officer to enter into any necessary agreements (including any needed Funding Source Agreements) related thereto.

The proposed modifications are being undertaken on a sole source basis to the extent any procurement is being undertaken.

Item 1

Contractor	Hunter Roberts	
Project Site Address(es)	St. George Esplanade, located in Staten Island	
Last Exec. Comm. Approval	November 7, 2024	
Current Amount and Type of Funds	Project Work	Proposed Modification
Up to \$2,784,997 of City Capital Budget funds and Federal Emergency Management Agency ("FEMA") funds for a CM Contract with Hunter Roberts and an amendment to a design contract for the Project Work, of which it was anticipated that approximately \$2,752,997 would be used for the CM Contract	CM and pre-construction, construction and post-construction services related to the rehabilitation of damaged areas of coastline, providing riprap where undermining is present, backfilling of undermining and voids, and repair of the damaged seawall and sidewalk, principally by the Staten Island Esplanade, with some work in neighboring areas. Related design services also form part of the project. Construction principally includes the rehabilitation of approximately 2,200 linear feet of an existing concrete retaining wall and the in-kind replacement of stone riprap along the entire 2,200 linear feet stretch of retaining wall.	To provide for up to an additional \$9,011,234 of City Capital Budget funds and Federal FEMA funds for the CM Contract with Hunter Roberts for this project. These additional funds are needed to advance construction and post-construction services.

Relevant Staff: Jess Greenspan, Assistant Vice President, Asset Management
Gregory Dixon, Vice President, Asset Management

Michael Barone, Senior Counsel, Legal

Project Code: 4915

Item 2

Contractor	Hunter Roberts	
Project Site Address(es)	Landing locations for Ollis-Class vessels: Brooklyn Cruise Terminal ("BCT") at Pier 12 in Brooklyn, NYC Ferry landing at East 34th Street in Manhattan, and NYC Ferry Landing at Long Island City Gantry Plaza State Park ("LIC Gantry") in Queens. Flex Barges to be deployed at various locations throughout the City (designed for East 38th St in Manhattan, Brooklyn Bridge Park Pier 6 in Brooklyn, and Homeport in Staten Island)	
Last Exec. Comm. Approval	February 4, 2025	
Current Amount and Type of Funds	Project Work	Proposed Modification
\$4,834,139 of City Capital Budget funds and Federal Transit Administration ("FTA") funds	CM, construction, planning, procurement and oversight services, and other construction-related services, for resiliency and other upgrades to three vessel landing sites and the construction of two flex barges, that can be used by Ollis-Class vessels in emergencies and in the event of a disruption of the regional transportation network, and necessary appurtenances.	To provide for up to an additional \$31,745,000 of City Capital Budget funds and Federal FTA funds for the CM Contract with Hunter Roberts for this project, bringing the total authorized amount of such contract to up to \$36,579,139. Additional funds are needed to advance the construction and post-construction services needed for the flex barges and BCT projects, as well as pre-construction services for LIC Gantry.

Item 3

Contractor		M & N Engineering, D.P.C. ("M&N")
Project Site Address(es)		79th Street / Riverside Park, Manhattan
Last Exec. Comm. Approval		6/24/2020
Current Amount and Type of Funds	Project Work	Proposed Modification
Up to \$86,291,057 of City Capital Budget and FEMA 428 Grant funds for M&N (design and related services) and Hudson Meridian Construction Group LLC (CM) contracts for the Project Work.	This project includes work related to the design and construction of the 79 th Street Boat Basin project, which includes the reconstruction (with exception of the A-Dock) of the Boat Basin and expansion of the marina and dockhouse as well as demolition work. The project will increase availability of slips and related boating amenities, decrease in-basin wave action and debris, provide ice protection and bring the site up to modern ADA, resiliency, sanitary, building and workplace standards. Additionally, in order to facilitate vessel operations at the marina, the project scope includes dredging as the marina is unnavigable by vessels at low tide.	To provide that up to \$75,000 of IDA funds will be used by M&N to perform soil investigations needed for mitigation work in place of previously approved funds for the contract.

Item 4

Contractor		KM Associates of New York Inc.("KMA")
Project Site Address(es)		Citywide
Last Exec. Comm. Approval		November 14, 2023
Current Amount and Type of Funds	Project Work	Proposed Modification
Up to \$300,000 of NYCEDC programmatic budget funds	On-call expeditor and code consultant services related to NYCEDC owned, leased and/or managed properties and projects that NYCEDC is undertaking. The services may include, but are not limited to, helping to secure a final certificate of occupancy and/or temporary certificate of occupancy; overseeing and coordinating plan applications for new construction, interior alterations, general repairs and/or remodeling; helping to obtain approvals from government agencies; and acting as a liaison with reviewing entities such as the New York City Department of Buildings, City DEP, and the New York City Fire Department.	To increase the authorized amount of the contract to up \$1,000,000 and to allow the source of funds to include City Capital Budget funds, City Tax Levy funds, IDA funds, NYCEDC programmatic budget funds, and any other types of funds available for the proposed work, rather than being limited solely to NYCEDC programmatic budget funds

Item 5

Contractor	M.G. McLaren Engineering and Land Surveying, P.C. d/b/a McLaren Engineering Group ("McLaren")	
Project Site Address(es)	Along the southern edge of Coney Island Creek from W. 23 rd Street to Neptune Avenue, Brooklyn	
Last Exec. Comm. Approval	November 8, 2018	
Current Amount and Type of Funds	Project Work	Proposed Modification
Up to \$4,500,000 using CDBG-DR funds	Design and related services for shoreline protection measures along the southern edge of Coney Island Creek from W. 23 rd Street to Cropsey Avenue from commencement of the design contract until completion of the construction and final acceptance of the work.	To provide up to an additional \$400,000 in funding for McLaren's contract, raising the total amount to up to \$4,900,000 for McLaren's contract, and to provide that the design and related services will now also relate to additional segments of the southern edge of Coney Island Creek and will cover segments from W. 23 rd Street to Neptune Avenue instead of from W. 23 rd Street to Cropsey Avenue. In addition, the total amount for the contract may now be funded by City Capital Budget funds, CDBG-DR funds, City Tax Levy funds, and/or FEMA Hazard Mitigation Grant Program (HMGP) funds.

AMENDED AND RESTATED ANNUAL CITY CONTRACTS
Executive Committee Meeting
June 17, 2025

Project Description:	The amendment and restatement of two annual contracts between the City and NYCEDC for the continuation of services by NYCEDC to the City during the fiscal year beginning July 1, 2025 ("Fiscal Year 2026"), which contracts may be extended by up to an additional year and will be substantially similar to the current annual amended and restated contracts except that they may contain provisions needed in connection with proposed improvements to the Hunts Point Produce Market and related financing (which provisions may be added as an amendment to the current annual contracts prior to NYCEDC entering into the Fiscal Year 2026 amendment and restatement of the current contracts) and that the Fiscal Year 2026 amended and restated contracts will contain a budget for the fiscal year and such other changes as are approved by the President or another empowered officer
Borough:	Citywide
Type of Contracts:	Annual contracts between the City and NYCEDC
Amounts to be Paid to NYCEDC Under the Master and Maritime Contracts:	The amounts to be included in the budgets of the Master and Maritime Contracts (defined below) will not be finally determined until after an examination of the adopted City budget for Fiscal Year 2026. It is anticipated that the budget of the Master Contract will be in excess of \$1,600,000,000 and that the budget for the Maritime Contract will be in excess of \$440,000,000. Under the Master and Maritime Contracts NYCEDC may also receive funds not included in the budgets, e.g., for reimbursable expenses. Funds may be added to or removed from the Contracts during their term.
Last Exec. Comm. Approval:	June 18, 2024

Agreements to be Approved:

- Amended and Restated Contract (the “Master Contract”), amending and restating the Amended and Restated Contract dated as of June 30, 2024, as it has been and may be amended, between the City and NYCEDC pursuant to which NYCEDC will provide services to the City
- Amended and Restated Maritime Contract (the “Maritime Contract”), amending and restating the Amended and Restated Maritime Contract dated as of June 30, 2024, as it has been and may be amended, between the City and NYCEDC pursuant to which NYCEDC will provide services to the City
- Possible amendments to the Master and Maritime Contracts, prior to the Fiscal Year 2027 (the fiscal year of the City beginning July 1, 2026) amendments and restatements of such contracts, to change the budget of the Master and/or Maritime Contract and provide for such other changes as may be approved by the President or another empowered officer

Scope of Work:

- Master Contract - NYCEDC, among other activities, will act as the City’s representative in connection with various projects, financial programs and initiatives; undertake activities to eliminate deteriorated conditions; negotiate leases and sales of City-owned properties; provide services to IDA, Build NYC Resource Corporation, NYC Neighborhood Capital Corp. and the Trust for Cultural Resources; and perform various other financial services and other services relating to economic development, including projects related to resiliency efforts.
- Maritime Contract - NYCEDC, among other activities, will manage, negotiate leases for, rehabilitate, market and develop various maritime, market, rail, intermodal and aviation facilities and undertake related services including undertaking services related to the NYC Ferry.

Proposed Resolution: To authorize the President and any empowered officer to enter into the Master Contract and the Maritime Contract, substantially as described herein, and thereafter amendments to those Contracts (prior to the effectiveness of the Fiscal Year 2027 amendments and restatements of such Contracts) in the event that the City proposes to change the funds for those Contracts and/or the President or another empowered officer approves changes to terms of those Contracts and such changes require amendment(s)

**ANNUAL CONTRACT WITH
NEW YORK CITY INDUSTRIAL DEVELOPMENT AGENCY
Executive Committee Meeting
June 17, 2025**

Project Description: NYCEDC providing administrative services during Fiscal Year 2026 to NYCIDA

Borough: Citywide

Type of Contract: A contract for NYCEDC to provide administrative services

Amount to be Approved: A fee of not less than \$4,400,000 will be payable to NYCEDC. In addition, NYCIDA will pay NYCEDC an additional contract fee if NYCIDA closes more than 16 projects in Fiscal Year 2026. The additional contract fee will equal \$135,000 for each project closing beyond the sixteenth NYCIDA closing in Fiscal Year 2026.

Last Exec. Comm. Approval: June 18, 2024

Agreement to be Approved: An annual contract whereby NYCIDA will hire NYCEDC to provide NYCIDA with administrative services for Fiscal Year 2026 (the "Contract")

Scope of Work: The internal staffing of NYCIDA, including but not limited to project manager and in-house legal and accounting services, has been provided since 1984 by NYCEDC or NYCEDC's predecessor organizations pursuant to an annual contract. It is proposed that a contract for such services be entered into for Fiscal Year 2026.

Proposed Resolution: To authorize the President and any empowered officer of NYCEDC to enter into the Contract substantially as described herein

**ANNUAL CONTRACT WITH
BUILD NYC RESOURCE CORPORATION
Executive Committee Meeting
June 17, 2025**

Project Description: NYCEDC providing administrative services during Fiscal Year 2026 to Build NYC Resource Corporation (“Build NYC”)

Borough: Citywide

Type of Contract: A contract for NYCEDC to provide administrative services

Amount to be Approved: A fee of not less than \$2,200,000 will be payable to NYCEDC. In addition, Build NYC will pay NYCEDC an additional contract fee if Build NYC closes more than 23 projects in Fiscal Year 2026. The additional contract fee will equal \$105,000 for each project closing beyond the twenty-third Build NYC closing in Fiscal Year 2026.

Last Exec. Comm. Approval: June 18, 2024

Agreement to be Approved: An annual contract whereby Build NYC will hire NYCEDC to provide Build NYC with administrative services for Fiscal Year 2026 (the “Contract”)

Scope of Work: The internal staffing of Build NYC, including but not limited to project manager and in-house legal and accounting services, has been provided by NYCEDC or NYCEDC’s predecessor pursuant to an annual contract for several years. It is proposed that a contract for such services be entered into for Fiscal Year 2026.

Proposed Resolution: To authorize the President and any empowered officer of NYCEDC to enter into the Contract substantially as described herein

Relevant Staff: Emily Marcus Falda, Senior Vice President, SIG
Kyle Joyce, Counsel, Legal

CHARTER COMMISSION
Executive Committee Meeting
June 17, 2025

Project Description:	<p>In December 2024, Mayor Eric Adams announced the formation of the New York City Charter (the “Charter”) Revision Commission (the “Commission”) to examine, in particular, whether the Charter could be amended to promote fair housing and help local government tackle the housing crisis.</p> <p>Should the Commission elect to put questions to the voters, there will be a need to quickly launch an extensive public education campaign to inform New Yorkers about the substance of the proposals on the ballot.</p> <p>NYCEDC proposes to retain a consultant to provide services to assist the Commission with providing public education campaign services, including media placement and subcontracting, to maximize public awareness of ballot items proposed by the Commission. The ballot language will be determined in July 2025 with an anticipated campaign launched soon after through November 4, 2025.</p>
Borough:	Citywide
Type of Contracts:	Consultant services
Amounts to be Approved:	Up to \$1,500,000
Type of Funds:	City Tax Levy funds and/or NYCEDC programmatic budget funds
Procurement Methods:	Sole source
M/WBE Goal:	N/A
Agreements to be Approved:	<ul style="list-style-type: none">• A consultant contract, and possibly amendments thereto (the “Consultant Contract”), with Orchestra, a holding company operating a network of integrated agency partners (the “Consultant”), or an affiliated entity, to provide services substantially as described herein• Any needed Funding Source Agreements

Scopes of Work: Pursuant to the Consultant Contract, the Consultant is anticipated to provide services including:

- Strategic guidance on public education campaign respecting potential ballot proposals made by the Commission.
- Use its expertise to enable the Commission to quickly launch and expand a public education campaign should the Commission elect to put questions to voters in November.
- Assist the Commission with engaging in, and undertaking, media buying (e.g., digital, mail, print media, radio).

Proposed Resolution: To authorize the President and any empowered officer to enter into the Consultant Contract and any needed Funding Source Agreements, substantially as described herein
